The Stairway

Instructions: Have the parent look at the color/laminated picture called The Stairway and ask them to identify any dangers that they see. Once they have stopped, prompt them once by asking if they see any other dangers. Although you can ask them why they consider any to be a danger, this is optional. Then proceed to ask them about precautions but only for those dangers that they have identified. While the parents may not have a stairway in their home, they may have one in the building or going to the outside. Or the parents must remember when they visit other places that might have stairs so that they must be prepared to handle this.
